

Empathy Map

Date	27 JUNE 2026
Team ID	XXXXXX
Project Name	Visualization Tool for Electric Vehicle Charge and Range
Maximum Marks	4 Marks

Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS	THINKS
🔋 I want to know my battery charge level. ⚡ I need nearby charging stations. 🚗 I want to estimate my remaining driving range. 📊 I need an easy-to-understand dashboard.	😞 Will my battery last until I reach my destination? ⚡ Where is the nearest available charging station? 🗺️ Which route is best based on my remaining battery range? 📊 I need accurate battery status and range predictions.
PERSONA NAME <i>(Role / UserType)</i> - Student - Researcher	

	Government policy maker	
DOES - Collects HDI datasets. - Compares countries using charts. - Analyzes development trends.		FEELS - Confused by complex datasets. - Curious about country rankings. - Satisfied when data is visualized clearly.
